

America Recycles Day Tour de Trash

November 15, 9am - 3pm

Join the Hampton Waste Watchers in the annual America Recycles Day Tour de Trash on Thursday November 15th from 9am - 3pm! Learn about what happens to the trash you throw away and how the local government, the regional public service authority, and the private sector work together to make sure your trash is disposed of safely and efficiently. Take the opportunity to marvel at the many ways our waste finds a second life through recycling, composting, and energy recovery. To register, go to http://www.hampton.gov/hccc/ww_form.php or call 727-1199 to save your seat on tour. **Only registered participants can board the bus for the tour.** Deadline for registration is November 13th.

Trash tourists are asked to bring a brown bag lunch and recording devices of your choice, and to wear closed-toed shoes and comfortable washable clothing. Trash tourists must be 8 years old or older! Minimal walking is involved. Transportation is a school bus. Water will be provided.

The tour departs from the Hampton Clean City Commission office at 1296 Thomas Street and returns there at approximately 3pm.

Hampton City Schools educators will receive 6 hours of recertification for participating in this tour, *please indicate you are an educator when you register.*

Waste Watchers partners are Hampton Clean City Commission, Hampton Parks & Recreation, Hampton Public Works, Virginia Cooperative Extension, and Virginia Peninsulas Public Service Authority.

For more information about the Waste Watchers' Tour de Trash, contact Debbie Blanton at hccc@hampton.gov or 727-1199.
